Unit â€“ 1 : Session â€“ 10 : SLO â€“ 1 | User Interfaces â€” Riddles

I. Riddle Answers

• "I listen, not see. You speak, I agree. Who am I?" -> VOICE USER INTERFACE (voice assistant,
• e.g. Siri/Alexa â€” a speech-recognition interface).
• "Icons, buttons, colors bright â€— I let you click from left to right." -> GUI
• (Graphical User Interface).
• "No clicks, just keys â€— you talk to me with letters, please." -> CLI
• (Command Line Interface / shell).
• "No mouse or keys in sight, your fingers make everything right." -> TOUCHSCREEN INTERFACE
• (touch-based UI used in phones and tablets).

II. Interfaces and Utilities

• Users interact with the OS through CLI shells, GUIs, touch and voice interfaces, and batch files.
• System utilities: file managers, task manager, settings panels, disk tools, terminal emulators.
